Dear Mr. Secretary General,

I am pleased to confirm that **International Association of World Peace Advocates** supports the ten principles of the **UN Global Compact** with respect to human rights, labour, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the **UN Global Compact** in the following way(s): as a Civil Society Organization with the determination to carrying out the six outlined areas of operation as a Non Business Association.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organizational efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the **Global Compact COE policy**.

Sincerely yours,

Amb. Chief Per Stefson
President
